Grace V. Diggs Assistant Headmaster
Angela Lafontant Dean of Academies
Yvonne Watson SPED Director

Dear Class of 2014,

Congratulations on your graduation after twelve years of hard work, studying and learning for eight hours a day, one hundred eighty days a year, ever since you were a small child. Over the past four years, you have helped to make West Roxbury Academy one of the top-ten ranked schools of the district with a graduation rate of 85 percent, almost ten points above the national average, with students who graduate on time in four years. We thank you for that!

We watch you go with high hopes in our hearts for your future. We have students who will be attending the University of Massachusetts in Boston and Dartmouth, students who will be at Stonehill, Salem, Framingham, and Bridgewater State to name a few of the colleges which have accepted our graduates. Our students also will attend Bunker Hill, Mass Bay, and Roxbury Community College. Daily the number of acceptances grows to higher educational opportunities.

This year we have two students who have received national recognition and four full year paid tuition to college: Ms. Lindsey Santana, Posse Scholar, and Mr. Rondell Jones, Gates Millennium Scholarship winner. You make us proud.

The Class of 2014 demonstrated admirable strength of purpose at WRA. Your spirit of inquiry will help you tackle the great challenges that face humanity today, in our relations with each other and with the environment. I urge you to move forward with perseverance, and an open mind which will reveal new ways to shape a better world. My advice to you is to tell yourselves that whatever obstacles you may face, you can overcome anything.

So today, we celebrate with you. Tomorrow great things will be demanded from you in a world that asks you to do more with less. I am confident you will triumph over life's ups and downs. Please don't forget to return to us at WRA in future years. We look forward to learning of your great achievements!

All the best,

Rudolph Weekes

Headmaster
